# Задание

На защиту: для каждого жанра игр укажите (1) в каком году было наибольшее число релизов этого жанра (2) в каком году было наименьшее число релизов этого жанра (но они были) (3) компанию-разработчик, которая специализируется на этом жанре (больше всего выпусков именно этого жанра)

## Решение:

1)Для начала добавим в базу тестовую игру, дабы хотя бы у одного разработчика было больше одной игры в каком-то жанре:
